Designated Transplant Program Criteria

A transplant program that meets the following criteria shall be qualified as a designated transplant program to receive organs for transplantation:

- VII. Collaborative Support.** The proper care and management of transplant recipients often requires the assistance of both physicians other than surgeons and ancillary health professionals. The transplant program, therefore, must show evidence of collaborative involvement with experts in the field of radiology, infectious disease, pathology, immunology, anesthesiology, physical therapy and rehabilitation medicine, histocompatibility and immunogenetics, and, as appropriate, hepatology, pediatrics, nephrology with dialysis capability, and pulmonary medicine with respiratory therapy support.
